and Law Society
University of Helsinki
Finnish Dental Association

**8th International Dental Ethics and Law Congress
August 18-20, 2010, Helsinki, Finland**

**Theme: Dentistry and Information Technology –
Ethical and Legal Considerations**

A WORD OF WELCOME

Dear Colleague,

May I invite you to mark your calendar? From August 18 to August 20, 2010, the 8th International Dental Ethics and Law Congress will take place in Helsinki, Finland. Judging by the success of the previous seven Congresses (Louvain 1992, Copenhagen 1995, London 1998, Amsterdam 2001, Omaha 2003, Florence 2005 and Toronto 2007), the upcoming congress promises to be informative and thought provoking.

The 2010 Congress' theme will be Dentistry and Information Technology – Ethical and Legal Considerations. Since the role of Information technology is growing one has to take its ethical considerations seriously. As in years past, the Congress will be an excellent forum to network and exchange ideas with colleagues from all over the world, representing a variety of disciplines, but all sharing a common vision: To advance the ethical, legal and professional quality of oral health care.

*Sincerely,
Matti Pöyry, DDS
Chair, 2010 Congress Planning Committee*
